Creating More Connections

The Chamber presents an extensive event programme that welcomes both Members and their Guests – however Members will always have priority.

A combination of face to face networking and virtual events are the way for 2021. And you'll know as soon as it is safe for the Chamber to host more face to face events.

The event programme includes:

<p>After 5 Networking Hosted monthly</p>	<p>Within the CBD generally at a CBD Sydney Chamber Member restaurant, bar or similar venue. These feature a brief key note address and present the opportunity to mingle with business owners and senior decision makers.</p>
<p>Virtual Events</p>	<p>In 2021 the Expert Panel & Virtual Networking events and Business Formula, an informal virtual networking event were created to ensure that the businesses stay connected and enjoy an opportunity to network. Supported by Media Partner BiziNet Media Group</p>
<p>Business Improvement Workshops - as required</p>	<p>Created around key learning areas with guest speakers and workshop activities.</p>

“

The CBD Women in Business Network is about creating a strong network of women who can learn from and support each other. I love contributing to these events.
